Subject: USG - Red Wing NAAQS Designation Modeling File Transfer

Randy,

As part of this e-mail, you will find links to download two files that contain the CTDMPlus and AERMOD modeling input files (minus the meteorological data as we are addressing issues related to confidentiality with the U of MN). I am sending a separate e-mail that provides contents and a description of these files. Please let me know if you have questions or problems with the download.

Thanks.

Jeff

Please click the following link to download your files from Barr Engineering Co.:
